Driver's Ed for Sewing Machines

This class is a must when you don't know how to start your sewing machine. Maybe you inherited a sewing machine or dug one out of the closet. Bring your machine (newly serviced, if needed, we give free estimates), accessories including power cord, foot pedal, and owner manual (we can order most books). We will demystify how to thread, operate, get you up and running so you can start or return to sewing. Let us help you!
